NRC Docket No. 50-395A

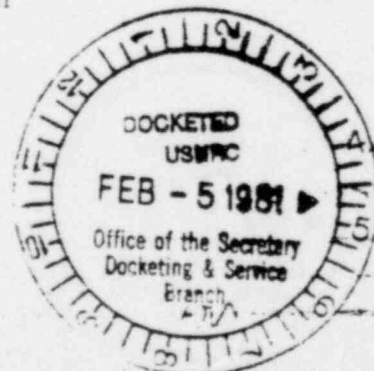

Dear Sir:

The Department of Justice requests an extension of time through February 6, 1981 for the filing of comments on the matters raised by the Nuclear Regulatory Commission ("Commission") in its Order of January 15, 1981 in the above captioned matter. We regret having to ask for this extension but due to a misunderstanding on our part we believed that our comments were due on Friday, February 6, 1981, rather than today.

Respectfully submitted,

Janet Urban
