Honorable Joseph M. Hendrie
Commissioner, Nuclear Regulatory Commission
1717 H Street, N. W.
Washington, D. C. 20555

Dear Commissioner Hendrie:

I am hosting the Chambers of Commerce of Lancaster and Lebanon, Pennsylvania at a luncheon meeting on Friday, March 6th in the Gold Room, 2168 Rayburn House Office Building, with the lunch at 12:30 and brief talks by Members of Congress and departmental representatives until 4:30 PM.

The members of these groups have expressed a desire to have someone from the Nuclear Regulatory Commission speak to them briefly on matters generally relating to energy policy, nuclear energy, Three Mile Island, new energy sources and production. I would like to invite you to join us at luncheon, and then say a few words along these lines, if your schedule will permit. If you cannot attend the luncheon, but find that you might drop by sometime during the afternoon and speak to the group, that would be acceptable. We could actually designate a specific time for you, if you desire.

As you can imagine, these two Chambers of Commerce are important to me, and I am most anxious to provide them with the type of briefings they have requested, if possible.

Thank you kindly for your cooperation on behalf of my constituents.

--RECD COMMR--

Sincerely yours,

Robert S. Walker
