and Environment and Health Management

Gentlemen:

We received your letter of January 19, 1981, and check for \$150 for an administrative amendment to License SUB-1010.

Your request has been classified by the Licensing staff as requiring a minor amendment to the license since the review will involve consideration of a safety issue. Therefore, a minor safety and environmental amendment fee of \$3,500 is required, as specified in fee Category 2C of Section 170.31 of Part 170, copy enclosed. Payment of the additional \$3,350 should be made to the U.S. Nuclear Regulatory Commission and mailed to my attention. When submitting the fee, please refer to CONTROL NUMBER 18273.

Please note Footnotes 1(d) and 4 of Section 170.31, which provide that upon completion of the licensing review, the Commission will review its expenditures for professional manpower and appropriate support services; recompute the amendment fee, and, if necessary, make any refund.

If you have any questions, please contact us.

Sincerely,

Douglas Weiss
