Dear John:

The USNRC Proposed General Statement of Policy "Evaluation of Agreement State Radiation Control Programs" has been reviewed by my Inspection staff.

The proposal appears to be generally what the USNRC is using for guidelines in their recent audits of our program.

We have no objections to this proposal as long as it is applied in a reasonable manner, in order to give us the time to develop our program to an acceptable level of compatability.

(26)

Sincerely,

Uray Clark
Administrator
