Dear Mr O'Reilly:

In response to your November 14, 1980, letter transmitting Nuclear Regulatory Commission IE Bulletin 80-23, we wish to inform you that no solenoid valves manufactured by Valcor Engineering Corporation have been purchased for use at Cherokee or Perkins Nuclear Stations. In the event Valcor solenoid valves are purchased in the future for use at these stations, we will assure that the valves are qualified for their application.

Approximately six manhours were expended in the research and preparation of our response to this bulletin.

Very truly yours,
