SUA-1315 Amendment No. 2

Wyoming Mineral Corporation  
ATTN: Mr. Karl Schendel  
Manager, Licensing Administration  
3900 South Ladsforth Boulevard  
Lakewood, Colorado 80233

Gentlemen:

Pursuant to Title 10, Code of Federal Regulations, Part 40, and in accordance with your amendment application dated October 29, 1980, Source Material License No. SUA-1315 is hereby amended to revise Condition No. 10 to read as follows:

- 10. Authorized Use: For uranium recovery from copper dump leach solution in accordance with the statements, representations and conditions contained in (1) the licensee's application dated November 2, 1976; (2) responses to questions 4(d), 4(f) and 4(g) on pages 5, 7, and 8 of the supplement dated June 29, 1977; (3) the supplement dated September 2, 1977, regarding qualifications and responsibilities of the Plant Supervisor, the employee training program, and the fire protection system; and (4) the supplement dated October 29, 1980, regarding the qualifications and responsibilities of the Corporate Radiation Protection Officer and the Compliance Review Board into the license application. Notwithstanding the above, the following conditions, which modify and add to commitments in the documents identified above, shall override any conflicting statements contained in the licensee's application and supplements.

All other conditions of this license shall remain the same.
