Division of Fuel Cycle and Material Safety
U.S. Nuclear Regulatory Commission
Washington, D.C. 20535

Dear Mr. MacDonald:

We recently submitted our Quality Assurance Program to you for approval. We have three licenses:

License Number - 43-03227-01
43-03227-02
Sub-1311

The Quality Assurance Program for each license is identical.

Consequently, we desire to administer the Quality Assurance Program for all three licenses under the same Quality Assurance approval number. We understand this is your recommendation per our telephone conversation of 11 February, 1981.

Your expeditions review and processing of our proposal is sincerely appreciated.

Very truly yours,

Loren R. Jorgenson
