U.S. Nuclear Regulatory Commission
Washington, DC 20555

Subj: Shipping Container User Registration; request for

Ref: (a) Title 10, Code of Federal Regulations, Part 71

1. In accordance with the requirements of reference (a), it is requested that Puget Sound Naval Shipyard be registered as a user of the radioactive material Type B shipping container specified below:

Gamma Industries Model 6717-B Overpack
Package Identification Number USA/6717/B
Certificate of Compliance Number 6717

2. The Model 6717-B overpack container is to be used by the Shipyard for shipment of radiographic exposure devices meeting Type A requirements containing special form radiography sources. NRC Byproduct Material License No. 46-03078-01 covers Puget Sound Naval Shipyard's radiography program.
