Dear Sirs:

I am a resident of Maywood, a small community in New Jersey which is currently being investigated by your office. I am deeply concerned with the reports of radioactive contamination cause by thorium, which was buried on the property of what was then Maywood Chemical.

I also understand that as a citizen of these United States, I am permitted by the Freedom of Information Act to obtain copies of reports related to this case. I would sincerely appreciate it if you could forward any information you may have concerning Maywood, its thorium contamination, and the relation of Maywood Chemical to this whole affair.

Respectfully yours,

Elizabeth M. Kuhles
