

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D. C. 20555

MAR 12 1981

Ms. Mary Carleton  
Norwich, VT 05055

Dear Ms. Carleton:

This letter is in response to your recent letter to the Nuclear Regulatory Commission regarding Vermont Yankee. Concerns similar to those expressed in your letter were recently considered in a decision issued on December 29, 1980 pursuant to 10 CFR 2.206 of the Commission's regulations. 10 CFR 2.206 provides an opportunity for persons to request the Commission to take action. A copy of the decision (DD 80-36, December 29, 1980) is enclosed for your information.

I share your concern for nuclear safety, and will continue to enforce the Commission's safety regulations.

Sincerely,

A handwritten signature in cursive script, appearing to read "Victor Stello, Jr.".

Dear Mr. Ahrens:

I urge you to take a long hard look at the potential for serious problems at the Vermont Yankee nuclear power plant. No one wants another nuclear accident, but the Yankee is a plant waiting for an accident. Help us protect our state.

Sincerely,

Mary Carliton  
Norwich
