SECRET **FORFEIT**
PROPOSED, RULE **PR-20** (340)
(45 FR 67018)
Animal Carcasses

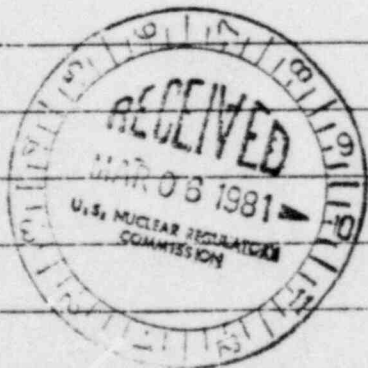

Stony Brook Road,
R.D. 1
Newtown, Pa 18940

Jan. 20, 1981

Dear Sir,

I am concerned about
the possibility of deregulating
medical and research wastes,
which would permit their
disposal in sewage systems and
sanitary landfills. This seems to
be irresponsible and dangerous
proposals. I do hope you will
see the folly of this measure
which violates the mandate of the
Atomic Energy Act.

Sincerely,
Barbara B. J. Zimmerman

L-4-1, PT. 2
