In the Matter of General Electric Co.
(Vallecitos Nuclear Center - General Electric Test Reactor
Operating License No. TR-1
Docket No. 50-70)

Gentlemen:

On March 16, 1981, the Staff sent out "NRC Staff Request For Admissions and Interrogatories to Licensee" (Request to Licensee) and "NRC Staff Request For Admissions, Interrogatories, and Request For Documents of Intervenors" (Request to Intervenors). As I indicated to each of you by phone last week, there is a correction that must be made to the Request to Licensee. Further, the electronic word-processor was not printing decimal points properly and certain points need to be inserted in the Request to Intervenors. The changes are as listed below.

In the Request to Licensee:

At page 4, Paragraph #3, first line, delete "The first three", and change "interrogatories" to "Interrogatories 4, 5 and 6".

In the Request to Licensee, add decimal points as indicated below:

Page 7, item D.1., change "3 5" to "3.5".

Page 8, item E.1., change "2 3" to "2.3".

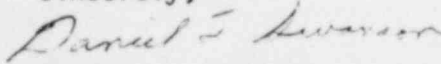

Page 11, item H.2, change "1 7 x 10⁻⁵" to "1.7 x 10⁻⁵".

- 2 -

Page 16, item B.4, top line, change "12 2-inch" to "12.2-inch".

Page 17, item C.1., change "P C-2" to "p.c-2".

Sincerely,

Daniel T. Swanson
Counsel for NRC Staff
