Having first been duly sworn, I Nunzio DeSantis, hereby make the following voluntary statement to Robert M. Burton who has identified himself to me as an Investigator with the U. S. Nuclear Regulatory Commission, and has administered to me an oath pursuant to Section 161c of the Atomic Energy Act of 1954, as amended. I make this statement freely with no threats or promises of reward having been made to me. Investigator Burton ~~is writing~~ this statement for me at my request.

was typed NDS

I, Nunzio DeSantis, hereby state that during the month of June of 1980, I didnot approach any of Nuclear Pharmacy Inc.'s (NPI) employees for purposes of requesting that they seek and obtain employment as a part-time driver with Pharmatopes. I didnot request any employees (after securing employment with Pharmatopes) to bring any of Pharmatopes' materials to me or anyone at NPI. I have read a statement dated July 22, 1980 which makes certain allegations against me concerning these matters and I deny each allegation in that statement and state that each allegation is untrue.

I have read the foregoing statement consisting of one typewritten page. I have made any necessary corrections and have initialed them. I have signed my name in the margin of the page. This statement is the truth to the best of my knowledge and belief.
