Mrs. Anna Beederman
526 Glendale Road
Glenview, IL 60025

Dear Mrs. Beederman:

Thank you for your letter expressing your views on the proposed regulation change for certain low level medical research wastes containing Tritium and Carbon-14.

The Commission is currently evaluating the comments submitted on the proposal. Although the comment period has passed, I am forwarding your letter to the NRC in Washington for consideration.

I am enclosing a copy of the full October 8, 1980 Federal Register notice, which describes the reasons and effects of the proposed change.

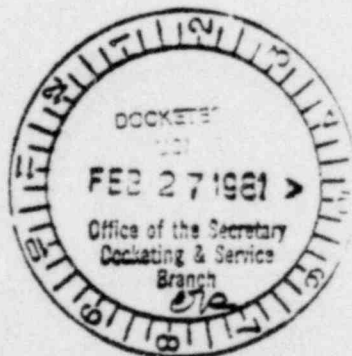

Sincerely yours,

A handwritten signature in cursive script, appearing to read "Jan Strasma".

Jan Strasma
Public Affairs Officer
