Gentlemen:

We have completed our review of the Upgraded Physical Protection Plan which you submitted on September 12, 1980. Based upon this review, we have determined that your plan is generally responsive to the requirements of the Upgrade Rule. However, some additional information and revisions are required in order to make the plan acceptable. The enclosure to this letter contains both general and detailed comments concerning these requirements. A few additional observations concerning Chapter 20 of your plan will be the subject of a separate letter that will be forwarded to you in the very near future.

As always, members of my staff are prepared to provide any assistance that may be required.

Sincerely,

"Original Signed by G. W. McCorkle"

George W. McCorkle, Chief
