NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D. C. 20555

March 19, 1981

Mr. Joseph N. Cassiere  
2 Tucker Road  
Greenville, RI 02828

IN RESPONSE REFER  
TO FOIA-81-58

Dear Mr. Cassiere:

This is in regard to your letter in which you requested, pursuant to the Freedom of Information Act, information concerning the nature, causes and violations of an accident on July 24, 1964, at the United Nuclear Corporation facility at Wood River Junction, Rhode Island.

As Linda Robinson informed you during a telephone conversation on March 17, 1981, a voluminous amount of records were created concerning the accident. As a result of your narrowing the scope of your request, we are enclosing the following records:

- "Criticality Accident at United Nuclear Corporation Wood River Junction, Rhode Island" 8/24/64
- "Report of the AEC Technical Review Committee" 11/6/64

We appreciate your cooperation in agreeing to an extension of time for our response to your request.

Sincerely,

J. M. Felton, Director  
Division of Rules and Records  
Office of Administration
