✓ MEMORANDUM FOR: J. M. Felton, Director, Division of Rules and Records, ADM
FROM: Gary L. Snyder, Assistant to the Director, RI
SUBJECT: FOIA REQUEST FROM REVEREND WALTER J. WALDRON

Enclosed is a letter from Reverend Walter J. Waldron dated January 19, 1981 in which he makes a Freedom of Information Act request for information relating to the New England Nuclear Corporation. The letter from Reverend Waldron was received in the Region I Office on January 23, 1980. I acknowledged his request by letter dated January 27, 1980. A copy is enclosed.

As a matter of convenience I normally provide copies of requested documents at the time of forwarding an FOIA request to you. In this case, however, the request is so broad that it could be interpreted to include every document that is in the New England Nuclear Corporation file. I discussed this request with Mr. John Carr of your staff on January 26, 1981. He suggested that in this instance I forward the FOIA request without copies of the documents which are believed to be pertinent. He said that he would contact the requester and attempt to better define the information which is actually wanted.

The New England Nuclear Corporation is a large licensee and is the holder of numerous licenses. The Region I file contains numerous documents, many of which likely have not been placed in the NRC's Public Document Room.

If you have any questions, please call me at 8-488-1302.
