Bucket No. 50/395
ATWS Training

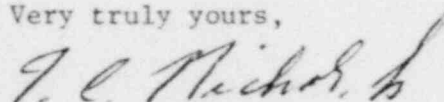

Dear Mr. Denton:

South Carolina Electric and Gas Company, acting for itself and as agent for the South Carolina Public Service Authority, hereby submits information concerning Operator Training at Virgil C. Summer Nuclear Station on ATWS (Anticipated Transient Without Scram) events. The following is a list of documented training concerning an ATWS event:

- 1) On 2/11/80 and 3/11/80 there was a 7-8 hour class on an ATWS event. This instruction was contracted from Westinghouse and included the definition of ATWS, types of events evaluated, and recognition and action to be taken in an ATWS event.
- 2) On 12/16/80 and 1/06/81, as part of the Operator training on Station Emergency Procedure EOP-5, "Reactor Trip", actions to be taken by the operator in the event of an ATWS incident were discussed.

If you have any questions concerning this matter, please let us know.

Very truly yours,

T.C. Nichols, Jr.
