Attn: Robert Burnett, Director
Division of Safeguards
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

SUBJECT: *PHYSICAL SECURITY PLAN - MORRIS OPERATION,*
NEDS-14507C, December 1979

Gentlemen:

In compliance with Title 10, Code of Federal Regulations, Part 70.32(e), you are hereby notified of changes in the subject plan as described in Attachment A to this letter. Ten copies are provided. These changes do not decrease the effectiveness of the physical security plan for Morris Operation and therefore were not submitted for approval in advance.

The changes described in Attachment A will be incorporated in the next revision of the subject plan by issuing revised pages for insertion in the plan.

The attachment to this letter contains information of a type specified in 10CFR2.790(d). Accordingly, it is deemed to be commercial or financial information within the meaning of 10CFR9.5(a)(4), subject to disclosure only in accordance with provisions of 10CFR9.12. For these reasons we request that the attachment to this letter be withheld from public disclosure.

Please call H.A. Rogers (408*925-6496) of this office if you have questions regarding plan changes.

Respectfully,

GENERAL ELECTRIC COMPANY

D.M. Dawson, Manager
