Nuclear Regulatory Commission
1717 H. St. N.W.
Washington, D.C. 20555

Dear Sir:

I would like to express my concern about the safety of nuclear power plants in populated areas... specifically the Phila. Electric's Lincolnton Nuclear Power Plant in Pennsylvania. I know that PE has just filed it's reports with your Commission part of which is a safety study (that is also 3 months overdue). I am not convinced from my reading and studies that there is a need in this area for electricity from a nuclear plant or that it will be a cheap and safe source of electricity in such a populated area. I am asking you to

review these reports with a special
concern for the safety of the millions
of people in this area. Thank you for
your time.

Sincerely,
Maulana
