Subject: Schedule for Review and Approval of the Site Decommissioning Plan
Cimarron Environmental Response Trust

Dear Mr. Halliburton:

Thank you for the subject schedule by Jeff Lux, PE, dated September 19, 2019. DEQ understands the schedule is for use by the Nuclear Regulatory Commission (NRC) to develop project milestones¹.

The schedule predicts NRC approval of the Decommissioning Plan in mid-2022. This is later than DEQ had hoped.

If you have questions or comments, please contact me by email at j.paul.davis@deq.ok.gov, or by telephone at 405-702-5132.

Sincerely,

J Paul Davis
Environmental Programs Specialist
Land Protection Division

- c. Jeff Lux, EPM
- Ken Kalman, NRC
- John Tappert, NRC
- Robert Yalen, U.S. Department of Justice
- Hollis Luzecky, EPA
- Jennifer Lewis, Office of the Attorney General of Oklahoma
- Pam Dizikes, Office of the General Counsel

¹ The Nuclear Energy Innovation and Modernization Act (NEIMA), signed into law on January 14, 2019, requires the NRC to set performance metrics and milestone schedules for certain activities requested by licensees and applicants.
