Docket No. 50-133

Pacific Gas and Electric Company
P. O. Box 7442
San Francisco, California 94106

Attention: Philip A. Crane, Jr.
Assistant General Counsel

Gentlemen:

Subject: NRC Inspection - Humboldt Bay

This letter refers to the routine safeguards inspection of your activities authorized under NRC License No. DPR-7 conducted by Mr. L. W. Ivey of this office on April 6-9, 1981. It also refers to the discussion of our inspection findings held by the inspector with Mr. E. Weeks and members of his staff on April 8, 1981.

The inspection included examination of activities related to your program for physical protection against radiological sabotage and against theft of special nuclear material in accordance with applicable requirements of Title 10, Code of Federal Regulations, Part 73, "Physical Protection of Plants and Materials", your security plan, and license conditions pertaining to the physical protection as described in the enclosed inspection report. Within these areas, the inspection consisted of selective examination of procedures and records, interviews with facility personnel and observations by the inspector.

Within the scope of this inspection, no items of noncompliance were observed.

In accordance with Section 2.790(d) of the NRC's "Rules of Practice", Part 2, Title 10, Code of Federal Regulations, documentation of findings of your security procedures are exempt from disclosure; therefore the enclosed inspection report will not be placed in the Public Document Room.
