Elizabeth S. Bowers, Esq.
Chairman
Atomic Safety and Licensing Board
Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Judge Bowers:

As per the procedure approved at the special prehearing conference on February 5, 1981, I am enclosing herein envelopes for Judge Paris and Judge Luebke, which I would appreciate your passing on to them.

I would also appreciate it very much if you could have your secretary, if it is not too much trouble, call us to inform us when either the conditional request for an extension of time or our Motion to Strike is acted upon. I ask this in this particular instance because of a uniquely tight time situation for us, explained below, and because mail from Washington has been taking seven days to arrive here.

Intervenor is faced with some time pressure because we are required, absent prior notification of action by the Board to the contrary, to respond to Staff's Motion for Summary Disposition by May 8. We would have to begin work on the response no later than May 5. Thus, it is possible that we might serve on May 8 a response deemed unnecessary by the Board a few days earlier but about which we did not know. As stated in the attached Motion, if the Board cannot rule on the Motion to Strike prior to when our Summary Disposition response is due, we would appreciate if possible a conditional ruling on a time extension dependent upon the eventual ruling. If we knew about the Board's decision on the conditional extension in time, then the Summary Disposition response, which might not be necessary, might be deferred until its necessity is ruled upon.

If such phone notification is possible, messages can be left at the Intervenor's office, (213) 478-0829, as I will be out of town until May 4.

Sincerely,

[Signature]
