Gentlemen:

We received your letter of April 30, 1981, and check for \$1,400 for an amendment to License SNM-368.

Your request has been classified by the Licensing staff as requiring a major safety and environmental amendment, since the review will involve consideration of several safety issues. Therefore, a major safety and environmental amendment fee of \$34,600 is required, as specified in fee Category 1A of Section 170.31 of Part 170, copy enclosed. Payment of the additional \$33,200 should be made to the U.S. Nuclear Regulatory Commission and mailed to my attention. When submitting the fee, please refer to CONTROL NUMBER 19071.

Please note Footnotes 1(d) and 4 of Section 170.31, which provide that upon completion of the licensing review, the Commission will review its expenditures for professional manpower and appropriate support services; recompute the amendment fee, and, if necessary, make any refund.

Your application has been forwarded to the Licensing staff for processing. If you have any questions, please contact us.

Sincerely,

Douglas Weiss
