Gentlemen:

Subject: Inspection 81-01

This refers to the routine safety inspection conducted by Ms. J. McGinness of this office on March 24, 1981, of activities authorized by NRC License Nos. 29-18435-01 and 29-18435-02 and to the discussions of our findings held by Ms. McGinness with yourself and Dr. M. Sebetech of your staff at the conclusion of the inspection.

This inspection was limited to a review of the present status of the licenses and your plans for future use of licensed materials. From this inspection, it is our understanding that your program is presently inactive, but that you plan to begin the use of licensed materials in the near future.

Within the scope of this inspection, no items of noncompliance were observed.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter will be placed in the Public Document Room.

No reply to this letter is required; however, should you have any questions concerning this inspection, we will be pleased to discuss them with you.

Sincerely,

John D. Kinneman, Chief, Materials
Radiological Protection Section,
Technical Inspection Branch
