Subject: Proprietary Handouts - SAS Meeting May 14th

Dear Mr. Beltracchi:

I have included a set of the proprietary handouts that were shown at the May 14th meeting.

As you are aware, our Safety Assessment System (SAS) is under development for the utility group by Quadrex. The utility group currently considers these display proprietary to the utilities bearing the costs of development of this system.

Any questions you may have on this project should be directed to myself at (312) 294-8314 or Bill Petrick of Quadrex at (408) 866-4510.

Very truly yours,

Ward Wogslund
 Ward Wogslund
 Chairman
 Safety Assessment System
