Dear Mr. Helfrich:

Before taking action on this license application, we would appreciate your views, as to whether the issuance of the requested license would be inimical to the interests of the United States, including the common defense and security, and whether the proposed export meets the applicable criteria in the Atomic Energy Act as amended by the Nuclear Nonproliferation Act of 1978.

Sincerely,

James B. Devine, Assistant Director Export/Import and International Safeguards Office of International Programs
