Gentlemen:

Please be advised that Mr. Ralph S. Heyer of my staff has been designated as the NRC Project Manager for Wyoming Mineral Corporation's Irigaray facilities (Docket Nos. 40-8304 and 40-8502). Mr. Heyer succeeds Mr. Dan E. Martin, who remains with my staff as Section Leader, New Facilities Section.

As a member of the New Facilities Section, Mr. Heyer reports directly to Mr. Martin, thereby maintaining Mr. Martin's involvement in our reviews of proposed licensing actions and other matters regarding the Irigaray facilities. This arrangement will minimize any potential transition difficulties. Mr. Heyer may be reached at (301) 427-4602.

Sincerely,
