Bethesda, Maryland
20014

Dear Sir,

I would like to express my concern regarding the decision to shorten the time period in which nuclear reactors could go on line after final licensure from 30 day to 10 days. I believe that the shortening of this time period would not be in the best interest of the American people and urge the NRC to keep the time period at 30 days. Thank-you for reveiwing my comment.

Sincerely,

Kenneth B. Chayula
