Re: V. C. Summer Nuclear Station Licensing

Dear Mr. Ruoff:

On May 13, 1981, I had hand-delivered to you seven (7) boxes containing the following documents:

- (1) FSAR, Volumes 1-20 and Amendments.
- (2) (a) V. C. Summer Nuclear Station Radiation Emergency Plan.
- (b) V. C. Summer FNF Site Specific Radiological Emergency Response Plan, February 1981 to the South Carolina Operational Radiological Emergency Response Plan (SCOREP), 1980.
- (c) Fairfield County Emergency Operations Plan.
- (d) Richland County-City of Columbia Emergency Plan.
- (e) Annex Q, Fixed Nuclear Facility (FNF) Radiological Emergency Response Plan (REMP) to Lexington County Emergency Operations Plan (EOP), 1980.
- (f) Newberry County, South Carolina, Plan for Emergency Operations of County Government.
- (3) Environmental Report and Amendments.

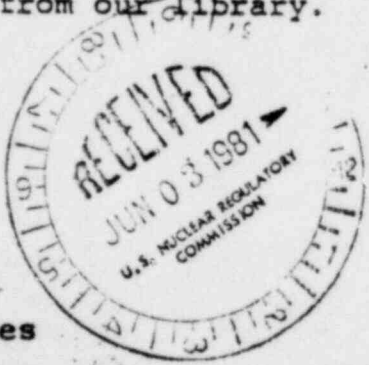

You signed an acknowledgement of receipt but noted, with reference to the FSAR, that "Binders 17-20 [were] empty." I trust that you have since discovered that the materials for those binders were in the boxes. If you were unable to find those materials, please call, as I suggested in my May 13 letter accompanying the materials.

Also, I wish to thank you for your prompt return of our copy of the Final Prehearing Conference transcripts and the NRC Issuances covering the period from January, 1978 to January, 1979 from our library.

Sincerely,

Handwritten initials: 503, R, 7/10
