JUN 2 1981

Dear Mr. Trickovic:

SUBJECT: REQUEST FOR WITHHOLDING INFORMATION FROM PUBLIC DISCLOSURE

By letter dated April 24, 1981, you submitted additional information in support of the structural audit of Grand Gulf and requested that it be withheld from public disclosure pursuant to 10 CFR 2.790, in accordance with the June 6, 1980 letter and affidavit from Bechtel. Further, you stated that the information is of the same type previously submitted in support of the audit.

We have reviewed your request and material based on the requirements, and criteria of 10 CFR 2.790 and have determined that the above-mentioned information sought to be withheld contains trade secrets, confidential, proprietary commercial or financial information.

We also have found at this time that the right of the public to be fully apprised as to the basis for and effects of the proposed action does not outweigh the demonstrated concern for protection of your competitive position. Accordingly, we have determined that the information should be withheld from public disclosure.

We therefore approve your request for withholding pursuant to Section 2.790 of 10 CFR Part 2 and are withholding the information submitted April 24 from public inspection as proprietary.

Withholding from public inspection shall not affect the right, if any, of persons properly and directly concerned to inspect the information. If the need arises, we may send copies of this information to our consultants working in this area. We will, of course, assure that the consultants have signed the appropriate agreements for handling proprietary data.
