Attention: Mr. Charles McDonald

Reference: QAC 297

Subject: QA Program for Transportation of  
Radioactive Materials

Dear Mr. McDonald:

Cherne Contracting Corporation has amended its license to practice radiography at various temporary field sites and as such will require approval to transport Iridium-192 isotopes up to 100 Ci between the temporary field sites.

As required by 10CFR71, Cherne Contracting Corporation hereby submits its QA Program for your review and approval.

Should you have questions regarding Cherne Contracting Corporation's Quality Assurance Program, please feel free to contact me.

Sincerely,

CHERNE CONTRACTING CORPORATION
