10 APR 1981

Crozier-Chester Medical Center
ATTN: Albert J. Mancuso
Vice President for Professional
Affairs
15th Street and Upland Avenue
Chester, Pennsylvania 19013

Gentlemen:

Subject: Combined Inspection 30-03159/81-02; 70-02426/81-01

This refers to the routine safety inspection conducted by Mr. J. Nicolosi of this office on March 3, 1981 of activities authorized by NRC License Nos. 37-12240-01 and SNM-1691 and to the discussions of our findings held by Mr. J. Nicolosi with yourself and other members of your staff at the conclusion of the inspection.

The inspection was an examination of activities conducted under your licenses as they relate to radiation safety and to compliance with the Commission's rules and regulations and the conditions of your licenses. The inspection consisted of selective examinations of procedures and representative records, interviews with personnel, measurements made by the inspector, and observations by the inspector.

Based on the results of this inspection, it appears that certain of your activities were not conducted in full compliance with NRC requirements, as set forth in the Notice of Violation, enclosed herewith as Appendix A. These items of noncompliance have been categorized into the levels described in the Federal Register Notice (45 FR 66754) dated October 7, 1980. You are required to respond to this letter and in preparing your response, you should follow the instructions in Appendix A.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and your reply will be placed in the Public Document Room.

Should you have any questions concerning this inspection, we will be pleased to discuss them with you.

Sincerely,

John D. Kinneman, Chief, Materials
Radiological Protection Section,
Technical Inspection Branch
