Gentlemen:

Subject: Inspection 30-01958/80-01

This refers to the routine safety inspection conducted by Ms. J. Johansen of this office on November 19, 1980 of activities authorized by NRC License No. 20-13196-01 and to the discussions of our findings held by Ms. J. Johansen with Ms. J. Elia and Mr. N. Stroman of your staff at the conclusion of the inspection.

The inspection was an examination of activities conducted under your license as they relate to radiation safety and to compliance with the Commission's rules and regulations and the conditions of your license. The inspection consisted of selective examinations of procedures and representative records, interviews with personnel, measurements made by the inspector, and observations by the inspector.

Our inspector also verified the steps you have taken to correct the items of noncompliance brought to your attention in the enclosure to our letter dated January 12, 1979. We have no further questions regarding your action at this time.

These items of noncompliance have been categorized into the levels described in the Federal Register Notice (45 FR 66754) dated October 7, 1980.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and your reply will be placed in the Public Document Room.
