Gentlemen:

Subject: Combined Inspection 30-02464/81-01; 30-00347/8101

This refers to the routine safety inspection conducted by Dr. L. F. Friedman of this office on February 12, 1981 at 188 South Essex Avenue and at St. Mary's Hospital, 135 South Center Street, Orange, New Jersey of activities authorized by NRC License Nos. 29-03038-01 and 29-03038-02 and to the discussions of our findings held by Dr. Friedman with yourself and others of your staff at the conclusion of the inspection.

The inspection was an examination of activities conducted under your licenses as they relate to radiation safety and to compliance with the Commission's rules and regulations and the conditions of your licenses. The inspection consisted of selective examinations of procedures and representative records, interviews with personnel, measurements made by the inspector, and observations by the inspector.

Our inspector also verified the steps you have taken to correct the items of noncompliance brought to your attention in the enclosure to our letter following our previous inspection. We have no further questions regarding your action at this time.

Based on the results of this inspection, it appears that certain of your activities were not conducted in full compliance with NRC requirements, as set forth in the Notice of Violation, enclosed herewith as Appendix A. These items of noncompliance have been categorized into the levels described in the Federal Register Notice (45 FR 66754) dated October 7, 1980. You are required to respond to this letter and in preparing your response, you should follow the instructions in Appendix A.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and your reply will be placed in the Public Document Room.
