License: 45-19238-01/81-01

Dear Mr. Gibson:

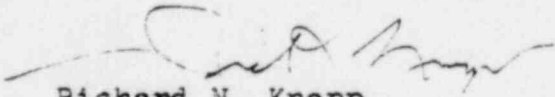

This is in reply to your letter of April 16, 1981 notifying us of a Level V violation.

We were in fact storing the gauge at 424 Westover Avenue, Norfolk, Virginia. The reason for doing so is that our office at 105 B South Witchduck Road, Virginia Beach was not occupied since we had not developed sufficient business. When we submitted the application for license we intended to store the gauge at 424 Westover Avenue until business developed. The sketch accompanying our license shows this location but unfortunately the address was omitted. I believe that Mr. Brown will verify this statement.

Since the time of Mr. Brown's visit we have moved into our office at 105 B South Witchduck Road and the gauge is stored there. The date of full compliance is May 1, 1981.

We regret our error and understand the necessity of full compliance with the license.

Very truly yours,

Richard N. Knapp
President
