Wichita, Kansas 67201

Gentlemen:

This refers to the investigation/inspection conducted by our Resident Reactor Inspector, Mr. T. E. Vandell and the Region IV Investigation Specialist, Mr. D. D. Driskill, regarding an allegation item during the month of April 1981.

During this investigation/inspection, it was found that certain activities under your license appear to be in noncompliance with Appendix B to 10 CFR Part 50 of the NRC Regulations, "Quality Assurance Criterion for Nuclear Power Plants." This item of noncompliance and reference to the pertinent requirements are identified in the enclosed Notice of Violation. Details of this item will be included in the inspection report for the month of April 1981 identified as Inspection Report STN 50-482/81-06, and in an investigation report to be issued in the near future and identified as Investigation Report STN 50-482/81-07.

Should you have any questions concerning this inspection item, we will be pleased to discuss them with you.

Sincerely,

G. L. Madsen, Chief
Reactor Projects Branch

Enclosure:
Appendix A,
Notice of Violation
