Docket No. 50-387

Pennsylvania Power & Light Company
ATTN: Mr. Norman W. Curtis
Vice President
Engineering and Construction (N-4)
2 North Ninth Street
Allentown, Pennsylvania 18101

Gentlemen:

Subject: Inspection No. 50-387/81-04

This refers to the routine inspection conducted by Mr. G. Rhoads of this office on February 2 - February 27, 1981, of activities authorized by NRC License No. CPPR-101 at Susquehanna Steam Electric Station, Unit 1, Salem Township, Pennsylvania and to the discussions of our findings held by Mr. Rhoads with Mr. H. W. Keiser at the conclusion of this inspection.

Areas examined during this inspection are described in the Office of Inspection and Enforcement Inspection Report which is enclosed with this letter. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspector.

Based on the results of this inspection, it appears that certain activities were not conducted in full compliance with NRC requirements, as set forth in the Notice of Violation, enclosed herewith as Appendix A. These items of noncompliance have been categorized into the levels described in the Federal Register Notice (45 FR 66754) dated October 7, 1980.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosure will be placed in the NRC's Public Document Room. If this report contains any information that you (or your contractor) believe to be proprietary, it is necessary that you make a written application within 20 days to this office to withhold such information from public disclosure. Any such application must be accompanied by an affidavit executed by the owner of the information, which identifies the document or part sought to be withheld, and which contains a statement of reasons which addresses with specificity the items which will be considered by the Commission as listed in subparagraph (b)(4) of Section 2.790. The information sought to be withheld shall be incorporated as far as possible into a separate part of the affidavit. If we do not hear from you in this regard within the specified period, the report will be placed in the Public Document Room.

2

Should you have any questions concerning this inspection, we will be pleased to discuss them with you.

Sincerely,

Richard B. Keimig, Chief
Reactor Projects Branch 2
DRPI
