Chattanooga, TN 37401

Gentlemen:

Subject: Report Nos. 50-553/81-03 and 50-554/81-02

This refers to the routine inspection conducted by J. R. Harris of this office on March 18-20, 1981, of activities authorized by NRC Construction Permit Nos. CPPR-162 and CPPR-163 for the Phipps Bend facility. Our preliminary findings were discussed with W. P. Kellerhan at the conclusion of the inspection.

During the inspection, it was found that certain activities under your license appear to violate NRC requirements. This item and references to pertinent requirements are listed in the Notice of Violation enclosed herewith as Appendix A. Elements to be included in your response are delineated in Appendix A.

We have examined actions you have taken with regard to previously identified enforcement matters. These are discussed in the enclosed inspection report.

Two new unresolved items are identified in the enclosed inspection report. These items will be examined during subsequent inspections.

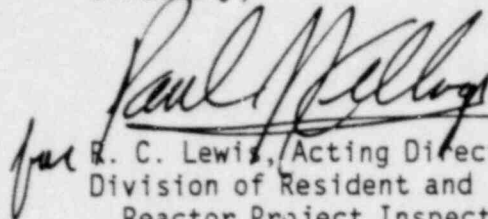

In accordance with Section 2.790 of the NRC "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosed inspection report will be placed in the NRC Public Document Room. If this report contains any information that you believe to be proprietary, it is necessary that you make a written application within 20 days to this office to withhold such information from public disclosure. Any such application must include the basis for claiming that the information is proprietary and the proprietary information should be contained in a separate part of the document. If we do not hear from you in this regard within the specified period, the report will be placed in the Public Document Room.

APR 10 1981

Should you have any questions concerning this letter, we will be glad to discuss them with you.

Sincerely,

for R. C. Lewis, Acting Director
Division of Resident and
Reactor Project Inspection
