Docket No. 50-293

Mr. Thomas G. Dignan, Jr.  
Boston Edison Company  
Ropes & Gray  
225 Franklin Street  
Boston, Massachusetts 02110

Dear Mr. Dignan:

SUBJECT: ENVIRONMENTAL QUALIFICATION OF SAFETY-RELATED ELECTRICAL  
EQUIPMENT - HEARING REQUEST

Our letter of January 16, 1981 proposed that we hold your request of December 4, 1980, on the subject, in abeyance until thirty (30) days after the issuance of the Safety Evaluations. Your letter of January 30, 1981 accepted our proposal. We have recently issued these Safety Evaluations.

Since the Evaluation allows a ninety (90) day licensee response time, we will extend the thirty (30) day abeyance period of our letter of January 16, 1981 to ninety (90) days.

Please inform us within ninety (90) days of the issuance of the Safety Evaluation for the facility, whether you intend to pursue your hearing request. If you request a hearing, please advise us of the specific issues you wish to raise in the proceeding.

For any further information regarding this matter, please contact Jim Lieberman (301-492-7267), Office of the Executive Legal Director. Please send a copy of any correspondence to Mr. Lieberman.

Sincerely,

*for Darrell G. Eisenhut*
