

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D. C. 20555

TERA

Docket Nos. 50-266/301

June 12, 1981

Mr. Jay E. Silberg
Counsel for Wisconsin Electrical
Power Company
Shaw Pittman, Potts & Trowbridge
1800 M Street, N. W.
Washington, D. C. 20036

Dear Mr. Silberg:

SUBJECT: ENVIRONMENTAL QUALIFICATION OF SAFETY-RELATED ELECTRICAL
EQUIPMENT - EXTENSION OF TIME TO REQUEST A HEARING

Our letter of January 16, 1981 proposed that we hold your request of January 8, 1981, on the subject, in abeyance until thirty (30) days after the issuance of the Safety Evaluations. Your letter of January 29, 1981 accepted our proposal. We have recently issued these Safety Evaluations.

Since the Evaluations allow a ninety (90) day licensee response time, we will extend the thirty (30) day abeyance period of our letter of January 16, 1981 to ninety (90) days.

Please inform us within ninety (90) days of the issuance of the Safety Evaluation for the facility, whether you intend to request a hearing. If you request a hearing, please advise us of the specific issues you wish to raise in the proceeding.

For any further information regarding this matter, please contact Jim Lieberman (301-492-7267), Office of the Executive Legal Director. Please send a copy of any correspondence to Mr. Lieberman.

Sincerely,

for Darrell G. Eisenhut

Darrell G. Eisenhut, Director
Division of Licensing
Office of Nuclear Reactor Regulation
