IN RESPONSE REFER
TO FOIA-81-214

Dear Mr. Logan:

This is in response to your letter dated May 28, 1981, in which you requested, pursuant to the Freedom of Information Act, "whether contracts entered into between operators of nuclear power plant facilities and the private security guard companies which provide security for the plants are discoverable."

The Nuclear Regulatory Commission (NRC) does not require the licensees to provide us these contracts. Accordingly, there are no records of this nature in existence in NRC files. You may wish to contact the individual utilities for this information. Please find enclosed a copy of the NRC's "Roster of Utilities," dated December 1979. The roster is presently being updated. An updated copy of the roster will be sent to you upon its completion.

This completes NRC action on your request.

Sincerely,

J.M. Felton, Director
Division of Rules and Records
Office of Administration
