SUBJECT: SCHEDULE FOR REMAINDER OF COMANCHE PEAK SES ENVIRONMENTAL REVIEW

Attached for your use is a revised listing of milestones and their target dates for the completion of the Comanche Peak Steam Electric Station OL stage environmental review. This schedule is based on the DES issuance date of May 29, 1981 and a 45 day comment period. If a request for an extension of the comment period is received and granted, the milestones will be revised accordingly.

Prompt attention to the public comments received and timely review of material for which the staff has technical oversight responsibility will be necessary to meet the review schedule and publish the FES on time.

Modifications to the DES text (in response to comments received) that take the form of additions to or clarifications of staff analysis or positions should be presented in Section 8 Responses to Comments, with a footnote reference to the appropriate subsection in Section 8 placed in the affected subsection of the main body of the DES.
