SUBJECT: BWR Owners' Group Organization

Dear Mr. Eisenhut:

This letter is to announce that I have been named Chairman of the BWR Owners' Group, effective immediately. We plan to elect a new Chairman for the BWR Regulatory Response Group shortly. Until then I will continue to act in that capacity.

The past year, under Dave Waters' direction, has been a very productive one, and I think you will agree that the BWR Owners' aggressive and responsive approach to generic issues has been of value to your staff as well as to our member utilities. It is my hope and goal to continue our activities in the same spirit of efficiency and cooperation.

Please do not hesitate to call if I can be of assistance.

Yours very truly,

T. J. Dente /Pwm
