Dear Judy:

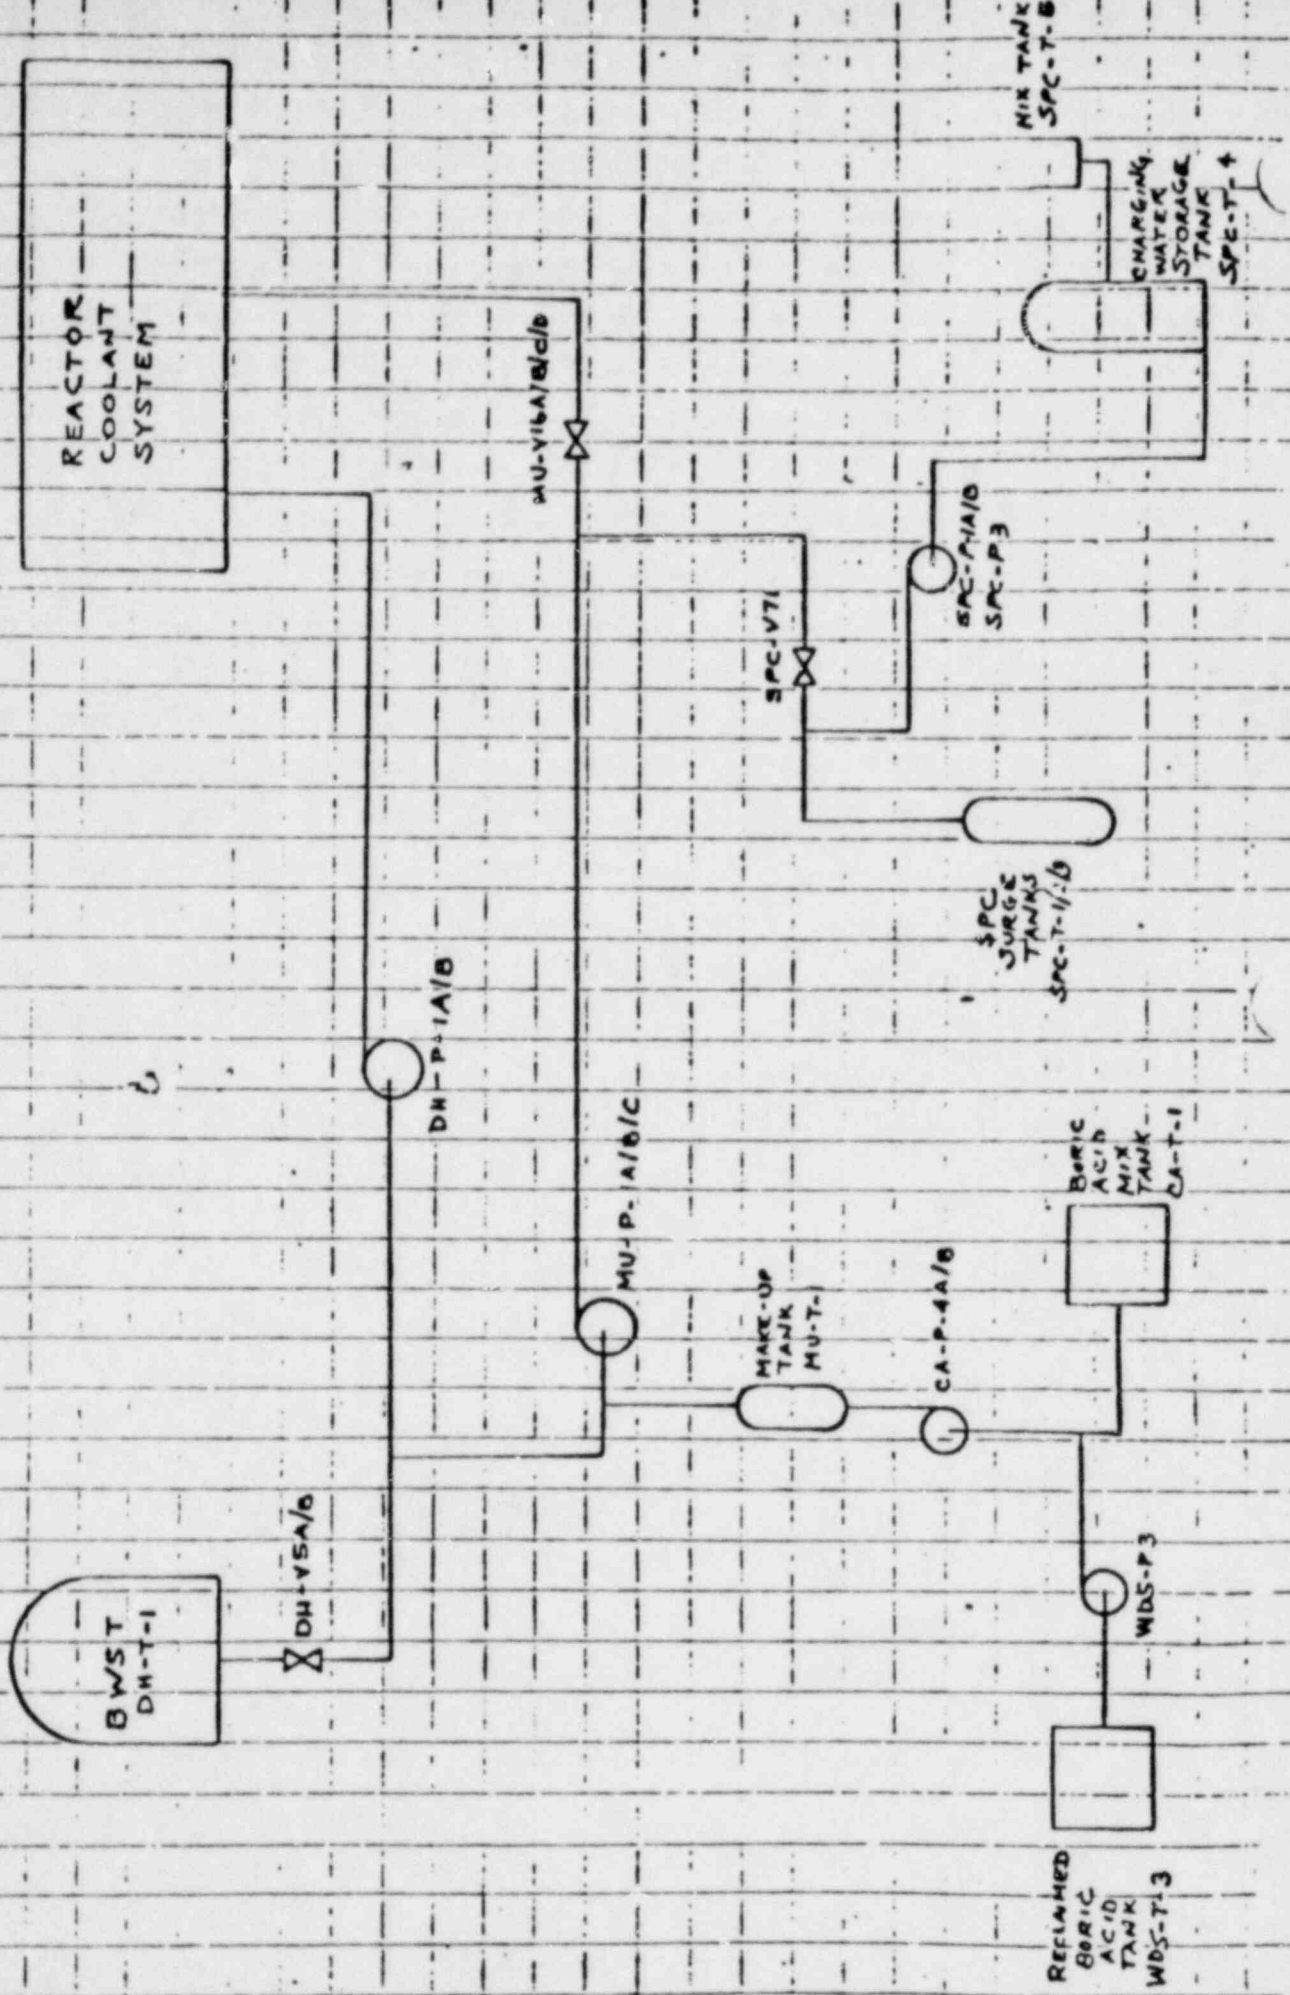

At the July 11, 1980 meeting of Licensee, the NRC Staff, and the petitioners in the TMI-2 OLA proceeding, one of Licensee's technical representatives diagrammed the TMI-2 boratation control system for you, in our discussion of your proposed Contention 2. In light of the diagram, you stated that you were considering withdrawing that contention.

At our August 18 meeting, you stated that you were withdrawing your proposed Contention 2, but requested a copy of the diagram for your records. A copy is here enclosed. Please note that the diagram is at the same level of detail as the diagram drawn at our July 11 meeting.

Sincerely,

Delissa A. Ridgway
