Gentlemen -

Kindly put my name on
NRC's mailing list.

We wish to protest against
your proposal to deregulate certain categories
of nuclear wastes from hospitals and
laboratories. We also wish to protest
against deregulation of the use of radio
active scrap metal in many consumer
products. You have not consulted with
Congress, you have not scheduled public
hearings with or without a panel
of scientists. Your proposals would cause
additional cancer and genetic defects.

Yours truly,

(Mrs. Leta Roth) Louise R. Roth
