Docket No. 50-346

Toledo Edison Company  
ATTN: Mr. Wendell Johnson  
President  
Edison Plaza  
300 Madison Avenue  
Toledo, OH 43652

Gentlemen:

I'd like to express my appreciation for the cooperation provided by Toledo Edison Company in meeting with the NRC representatives and myself on May 26, 1981. The constructive comments provided by you and your staff were most helpful in recognizing the impact of NRC requirements and initiatives since the Three Mile Island accident on the operation of the Davis-Besse facility.

Sincerely,

*A Bert Davis*
