Secretary of the Commission
U. S. Nuclear Regulatory Commission
Washington DC 20555

ATTN: Docketing and Service Branch

Gentlemen:

I have read the proposed Revision 2 to Regulatory Guide 8.13, "Instruction Concerning Prenatal Radiation Exposure," and I find it to be improved over the earlier version, both in terms of scientific content and in readability for workers.

My only comment is a minor one, namely, that footnote 13 should indicate the information was presented at the 13th Midyear Topical Symposium of the Health Physics Society in Honolulu, Hawaii, December, 1979, rather than at the 1980 Health Physics Society meeting.

In addition, page numbers are missing from references 14 and 15.

Sincerely yours,

Steven A. Book

Steven A. Book, Ph.D.
Associate Adjunct Professor
