30-08938

Gentlemen:

Thank you for your letter dated November 15, 1989, informing us of the steps you have taken to correct the violations identified in our letter dated October 30, 1989. While your letter states that you are filing an application for an appropriate amendment to achieve corrective action for Violation No. 1, it should be understood that no activity is in accord with NRC regulatory requirements unless and until it is specifically authorized in an NRC license. Your amendment request has been forwarded to the Materials Licensing Section for action. Steps should be taken to ensure that NRC-licensed materials are hereafter possessed and used only as authorized by your license.

We will examine this matter during a future inspection.

Sincerely,

D. J. Sreniawski, Chief
Nuclear Materials Safety
