Docket No. 50-322

Long Island Lighting Company
 ATTN: Mr. John D. Leonard
 Vice President Nuclear
 175 East Old County Road
 Hicksville, NY 11801

Gentlemen:

With your application dated December 15, 1989, you remitted a check for \$150. This application requested approval to cease offsite emergency preparedness activities and to implement the defueled emergency preparedness plan for the Shorham Nuclear Power Station. The enclosed revisions to 10 CFR 170 that became effective on January 30, 1989, deleted the requirement for a \$150 application fee for reactor applications and topical reports. Therefore, a \$150 check does not need to be remitted with future applications.

As an administrative convenience, we are not refunding the \$150 to you. Instead we will give credit for it when an invoice is issued for review of that application. Let us know if this is not acceptable to you.

Sincerely,

(Signed) Leah P. Tremper
